

This online professional learning experience explores the key themes for the Years 9 to 12 Project:

1. The Case for Change

Leading Australian and international educators will present their ideas on the evolving social, educational and global landscape.

2. How this change is being managed and implemented in Tasmania

The Years 9 to 12 project is enabling transformation to respond to the challenges presented for educators as we move forward in the twenty-first century. This is being achieved through structural approaches to:

- the curriculum,
- assessment and pedagogy,
- vocational learning (including VET)
- the use of data
- workforce support

3. The implications for students, teachers, and school leaders

- Opportunities for consultation around the development of innovative courses across all learning areas and focus areas of the Years 9-12 Curriculum Framework
- How the Vocational Learning Framework will enable teachers to plan for a personalised and customised delivery model that is suited to each school's unique context.

When

Thursday 3 December (day 1)

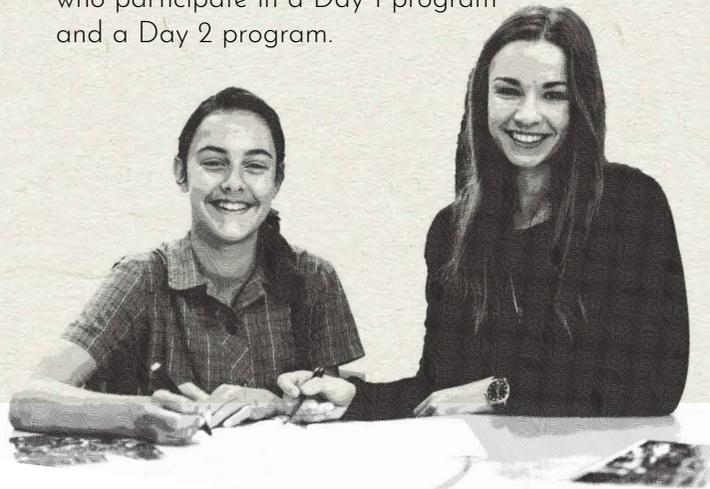

Friday 4 December (day 2)

Monday 7 December (day 1)

Tuesday 8 December (day 2)

The program will be partially mirrored across two pairs of days.

The most benefit will come for individuals who participate in a Day 1 program and a Day 2 program.

- Explore how to lead innovation and change at both a school and system level
- Communicate ideas for education in a shifting social, cultural, and economic landscape, skilling students for a dynamic future
- Examine the strategies and innovations that can support all learners to succeed and enhance learner engagement.

Keynote Speakers include:

- **Geoff Masters** - ACER
- **Sandra Milligan** - University of Melbourne
- **Jan Owen** - The Foundation for Young Australians
- **Pasi Sahlberg** - Gonski Institute
- **Andreas Schleicher** - OECD
- **Martin Westwell** - Chief Executive at South Australian Certificate of Education Board
- and many more.

Years 9 to 12 Project

The Years 9 to 12 Project was established as a result of the 2016 Review of Years 9 to 12 in Tasmania by the ACER which outlined a range of opportunities and recommendations to improve attendance, retention and attainment outcomes for students in Tasmania.

The Years 9 to 12 Project is a joint initiative of Catholic Education Tasmania, Independent Schools Tasmania, the Department of Education, TasTAFE, the University of Tasmania, Skills Tasmania and the Office of Tasmanian Assessment, Standards and Certification.
